

Announcement

March 2025

Specification change: GT3 series multi-function timers

IDEC would like to inform you of a few specification changes regarding our GT3 series multi-function timers, multi-mode (analog setting) type. Details are as follows:

1. Subject models

GT3 series multi-function timers, multi-mode (analog setting) type: All products

Note: Special products are also included.

2. Modification details

Due to the discontinuation of the clock generator (oscillator) that is currently installed, some internal components will be changed. Accordingly, the specifications will be modified as below.

Specification	Current	New
Repeat Error	$\pm 0.2\%$, ± 10 ms maximum *1	$\pm 0.2\%$, ± 20 ms maximum *1
Voltage Error	$\pm 0.2\%$, ± 10 ms maximum *1	$\pm 0.2\%$, ± 20 ms maximum *1
Temperature Error	$\pm 0.2\%$, ± 10 ms maximum *1	$\pm 1\%$, ± 30 ms maximum *1

*1 The largest value becomes the error against a preset value depending on the time range.

Note: There is no other specification change.

3. Schedule

Starting October 2025 (or sooner depending on our stock situation)

Note: Depending on our stock situation, current and new products may be mixed in the same shipment.

4. Part number and prices

No change

5. Identification

Modified products will have a black dot “•” displayed on their product cases, next to the end of the lot number.

This identification mark will be used with modified products made until March 2026.
